

The world has a serious inclusion problem. Although women make up 46% of the workforce, we hold only 26% of data and analytics jobs. Worse, representation steadily declines for more senior roles, and among technology firms, women represent just 17% of the C-Suite.*
We want to change this.

"SHE LEADS & SHE INSPIRES"

OPEN MAPPING HUB - ASIA PACIFIC'S RESPONSE TO CLOSING THE DIVIDE FOR WOMEN IN LEADERSHIP

- ***Are you interested in progressing your leadership skills to become a world-class women leader?***
- ***Are you enthusiastic about learning how to use your knowledge and experience to inspire others?***
- ***Are you interested in how map-making, and geospatial data collection can empower your leadership?***
- ***Do you have a passion for leading responses to local challenges ?***

If the answer to these questions is YES! We welcome you, your colleagues, peers, networks and friends to apply for *She Leads & She Inspires*. Together, we can respond to local challenges, strengthen our OSM communities, and work together to close the divide for women in leadership positions.

She Leads & She Inspires is a program designed with, by and for women in (or hoping to step into!) leadership roles within their communities.

Throughout the program, participants will be led through a series of webinars hosted by a range of professionals in leadership positions in the humanitarian mapping sector, and beyond.

The program will kick off with a 2 day intensive workshop in December to initiate the leadership journey, and will continue into the first 6 months of 2022.

We welcome individuals who identify as women to apply for the program. There are 100 spaces, and you can apply at bit.ly/shelsheip

As a *She Leads & She Inspires* participants you will receive:

- \$20 per month support stipend
- \$20 per month internet stipend
- Access to Open Mapping Hub Resources
- Access to an Online training platform
- Access to a Zoom Account (if you want to hold events/activities)
- HOT goodies
- An opportunity to pitch a \$5,000 grant proposal to kickstart a community based project.

As a participant in *She Leads & She Inspires*, you will receive training and mentorship in:

- Solutions based leadership
- Introduction to OpenStreetMap (OSM) and basic Geospatial Information Services (GIS)
- Needs identification and informed decision making
- Project & people management
- Communication and networking skills
